PRODUCT INFORMATION SHEET

"Stand out from the crowd while protecting your vehicle from mud and stones"

PRODUCT TIPS

Replaces original Mudflaps or adds Mudflaps where none were originally fitted.

FEATURES	BENEFITS
Protects your vehicle and other vehicles from mud and stone damage	Adds personality to your 4WD
Colours are moulded right in, not just painted on	Designs cannot wear or wash off
Easy Do-It-Yourself fitting	Use original fitting holes and hardware when replacing mudflaps – use screws or rivets otherwise
Fibreglass reinforced	Heavy duty and maximum rigidity

FITTING & CARE INSTRUCTIONS (Included in Product Packaging)

There is nothing complicated about fitting your Character Mudflaps. Although the mudflaps come in a rectangular shape, there is every chance they will need to be trimmed to suit your vehicle. Simply lay your original mudflap over the Bushranger mudflap, trim and drill holes to suit. A snap off blade knife would be best used to trim.

Use regular car washing detergent to clean your mudflaps.
