PRODUCT INFORMATION SHEET

Kit: 1048
1 Gallon Tank
3 Port 1/4" BSP

Kit: ABR144
5 Gallon Tank
7 Port 1/4" BSP

SPECIFICATIONS

Part Number	1048
Description	1 Gallon - 3 port Tank – 1/4" NPT
Warranty	1 Year Warranty
Dimensions	Diameter: 155mm Bracket Height: 40mm Overall Dimensions: 210mm (H) x 155mm (W) x 300mm (L)

Part Number	ABR144
Description	5 Gallon - 7 port Tank – 1/4" NPT
Warranty	1 Year Warranty
Dimensions	Diameter: 205mm Bracket Height: 45mm Overall Dimensions: 265mm (H) x 205mm (W) x 570mm (L)

VEHICLE APPLICATIONS

Specially designed for multiple applications, including:

- Diff-Lockers
- Air-bag Suspension
- Pneumatic Tools (including trade applications)
- Fast Inflation of Tyres and Tyre Re-beading

PRODUCT TIPS

Always fit a Pressure Relief Valve approx. 17% above the pressure switches rating as the Pressure relief valve can start to relieve air pressure below its rating.

SAFETY PRECAUTIONS

Always Mount a Pressure Relief Valve to ensure years of safe usage from your tank. Remember to mount the drain plug at the lowest point on the tank to remove any collected water.

FEATURES

- All air tanks are manufactured to ASNZS1200 Standards
