

4.3 RECOVERY DAMPENER PRODUCT INFORMATION SHEET

"Protect yourself while winching"

SPECIFICATIONS

Part Number	61X05 - Recovery Dampener
Warranty	1 Year No-Fuss Warranty
Construction	Reinforced PVC with internal weight pocket and velcro tabs.
Features	Strong, wide velcro tabs for quick removal and installation. Internal Pocket for additional weights. Reinforced PVC for longevity and weather resistance.

VEHICLE APPLICATIONS

Essential equipment for all your winching applications, the Recovery Dampener makes the recovery gear drop straight to the ground whenever a failure occurs. Protecting you and your vehicle.

PRODUCT TIPS

Always keep onlookers clear of any recovery application.

Ensure Recovery Dampener is firmly secured around the winch cable using all velcro fastening tabs.

We recommend dampener at the mid way point of the winch cable, this is its most effective location.
