Inward Facing Tip Up Seat.

Black powder coated and supplied as a pre assembled kit with all the hardware you require for installation. You are able to fit two seats in the rear facing inwards on each wheel arch this also allows you to tip up the base towards the back rest and neatly stow away when not in use. With the seat base tipped up the floor / load area is totally clear so it will not inhibit the boot space.

We recommend only lap type belts with this seat.

From **£76.11 each**

Load Area seat belts.

Exmoor Trim offers an exclusive range of seat belts, specifically designed to fit your Land Rover using OEM parts only, we won't supply any other belt that isn't type approved. Exmoor belts will arrive inclusive of all nuts, bolts, spacers, load bearing plates & fitting guides to ensure that you have all you require to do the job well.

Safety matters.....

We only recommend 4 point inertia belts with forward facing seats.

Forward Facing Fold up.

A occasional folding seat with its sculptured design and integral head rest. The seat frame is mounted to the wheel arch facing forward with the hinge point firmly bolted into place with the load bearing plates under the floor. The seat when folded away, very neatly stows on to the wheel arch leaving the load area totally free apart from the floor belts.

To use the seat it is simply released from its stowed position folds into the load area and the support leg will drop down into position. The seat back will recline into its upright position and fix in place giving your rear passengers a convenient forward facing seat with that much needed increase in height and comfort.
